VARIOFILL FILLING MACHINE

VARIOFILL

✓ Compressed air filling machine for cups and containers, for use with food and non-food products.

✓ It can operate with artisan gelato containing pieces (max. 8 mm) of fruit, nougat, dried fruit, granules, etc.

- ✓ The capacity of the cylinder is 15 litres of gelato.
- ✓ The dispensing speed and pressure can be adjusted according to the type of product.
- ✓ For easy use, manual or foot operated controls are available.
- ✓ For a wide range of uses this machine works with various products having different consistency and servings from 100 g up to 1000 g.
- ✓ A real alternative to expensive dosing machines, which cannot process artisan gelato and certainly not with solid pieces in the product.

VARIOFILL FILLING MACHINE

PROFESSIONAL MACHINES
HEAVY DUTY, EASY TO USE

Average production

- ✓ 680 portions/hour, 50 g each
- ✓ 450 portions/hour, 75 g each
- ✓ 335 portions/hour, 100 g each
- ✓ 220 portions/hour, 150 g each

VARIOFILL FILLING MACHINE

VARIOFILL

✓ Ideal for gelato producers aiming to prepare ready packed cups or thermal containers of various sizes.

✓ Suitable for any other type of filling with food or non-food products.

✓ Manual or foot-operated dispensing.

✓ Equipped with all protection elements, it is even safe in the event of user's error.

✓ The automatic washing of the cylinder and spout facilitates the use and assures high hygiene.

✓ Mounted on wheels for easy movement.
