Processing Solutions Across Dairy & Beverage

Through the combined expertise of ROKK and FRAU, we're delivering bespoke processing plant solutions for the dairy and beverage industries.

Dairy:

Fresh pasteurised Milk

ESL & UHT milk

Cream & butter

Yogurt & fermented products

Cheese & cream cheese

Whey processing

Mascarpone & ricotta

Beverages:

Iced coffee

Coffee beverages

Protein Drinks

Functional Beverages

Fruit juices

Carbonated drinks

Plus CIP (Clean-in-place) solutions

One Partnership. Complete Processing Solutions.

Whether you're expanding an existing facility or building a new processing plant, our combined expertise helps simplify the journey from concept to installation.

Together we're bringing:

- ✓ Bespoke engineering design
- ✓ Proven processing equipment
- ✓ Industry expertise
- ✓ Reliable project support

Built for modern beverage and dairy manufacturers.
